TESOL Certificate Course ALEXANDRIA, EGYPT

Founded by Alexander the Great in 331 B.C. and later ruled by Cleopatra, Alexandria once rivaled Athens as an ancient center of culture and learning. Situated on the Mediterranean coast, it was in the perfect location for the intermingling of knowledge. It was also the site of one of the seven wonders of the ancient world, which was the tallest man-made structure on earth. After declining into a small fishing village due to devastating foreign invasions, Alexandria has prospered over the past century in hopes of achieving its unforgotten splendor. Today's Alexandria is the second largest city in Egypt and had grown into the cultural hub that it once was. Tourists flock to the city for its revitalized atmosphere and gorgeous beaches.

Practical Information about living in Alexandria:

Weather: Dry and hot all year.

Travel: The course fees include 2 excursions: the Great Pyramids and a seaside resort.

Shopping: Local outdoor markets

Food: Mediterranean influence, especially from Turkey. Common menu items include hummus, falafel and moussaka.

Safety: Alexandria is a safe area for our trainees. Westerners of course should be cautious in crowded tourist areas, practice good personal security measures, and be alert to their surroundings.
